

Six Sigma Champion Standards

Introduction

These open source standards represent the minimum required standards for credentialing the above-named process improvement methodology. To comply with *Process Improvement Credentialing Standards*, organizations must conduct testing which covers all body of knowledge elements below. Organizations must also comply with *Process Improvement Credentialing Standards* 15-point organization standard v 0.1.115 or higher. Elements do not necessarily need to be presented in the order shown below. Trainers and organizations are encouraged to teach additional information above and beyond these standards at each level.

Body of Knowledge

1. Six Sigma Champion
