CERTIFIED ETHICS ASSOCIATE - IT (CEA-IT)

Ethics in technology is a subfield of ethics addressing the ethical questions specific to the Technology Age. The Certified Ethics Associate in IT certification ensures that IT professionals understand the ethical implications of the decisions they make each day.

Professional development courses are designed to prove your proficiency in a subject matter. Certification courses include all learning material required to pass the exam, and access to the certification test.

Strong ethical practices within the corporate world are critical. You'll learn:

- Code of Ethics
- Intellectual Property
- Copyright infringement
- File Sharing
- Correlation of ethics to IT
- Data Privacy
- Plus much more..

"These certifications have been a big boost to my resumé. MSI has really helped my career!"
