## Corporate Risk Manager Certified (CRMC)™

The role of a Corporate Risk Manager is to assess risks and help the companies you work for avoid potential problems. Risk managers are often responsible for the development and implementation of formal Quality Management and safety guidelines within their organization.

Professional development courses are designed to prove your proficiency in a subject matter. Certification courses include all learning material required to prepare for the exam, and access to the certification test.

Some of the information this program will cover:

- What is Risk Management
- Likelihood Scale
- Types of risks
- Levels of impact
- Consequence Scale
- Business Impact Analysis
- Plus much more..

***"These certifications have been a big boost to my resumé. MSI has really helped my career!"***
