The Management and Strategy Institute (MSI) provides Online Certification of Management and Business Skills for individuals who wish to advance their knowledge in business related fields. We specialize in Six Sigma certification programs, however we have a complete line of professional development certifications to meet your professional needs.

The Management and Strategy Institute is an industry leader in professional development certifications. We are an accredited BBB member and our certifications are recognized by industry-leading organizations. Our certification exams are developed by industry leaders and designed to test your fundamental understanding of the subject being tested.

One of our organizations core values is to provide professional certifications in an affordable and convenient manner. We accomplish this by ensuring all certification exams are priced affordably. All programs are done 100% online, allowing you to study and test when it is convenient for you. Our pricing includes the certification exam, plus study material for the exam. We also mail you a professional certificate and transcripts once you're certified, if you have a US address.

Certifications are a great way to enhance your resumé and fill in any gaps that may prevent you from being hired or getting a promotion. They serve as a differentiator between you and your competition. Because today's job market is so competitive, having skill certifications lets employers know that your skills have been independently tested and verified.

You can complete programs like our Six Sigma Black Belt Certification Online and our Lean Six Sigma Certification online. These can be completed from home or work, whichever is most convenient. Exams can be taken as soon as you are ready, they do not need to be scheduled in advance. Our Six Sigma Training is specifically designed to prepare you for the certification exam. It teaches you the key fundamentals you'll need to understand while working within an organization going through a Six Sigma project. The Management and Strategy Institute is one of the only organizations to offer a Six Sigma Project Simulator in addition to its certifications. This gives you the opportunity to get certified and practice your skills within a simulated project.

Not sure how to get started? We offer a FREE Six Sigma White Belt certification program which will teach you the basics of Six Sigma and what is expected at each belt level. It also gives you a good understanding of exactly how our programs work.

MSI certified.com about us page.

The Management and Strategy Institute (MSI) is a trade association dedicated to representing the needs of process improvement professionals. With over 250,000 members and certification alumni, MSI represents professionals in every industry and demographic with members in all 50 states and 34 countries.

MSI provides professionals with career development and credentialing opportunities while fostering an environment of continuous improvement within organizations. We specialize in Six Sigma certification; however, we have a complete line of professional development certifications to meet your credentialing needs.

Through research and public policy advocacy, MSI is a leading voice for process improvement professionals around the globe. We work with large corporations, small businesses, and government agencies to instill a culture of continuous improvement and quality. With a strong commitment to philanthropy, the Management and Strategy Institute leads by example through the MSICares program.

Professional Development Certifications

All training and certifications are done 100% online.

Do your training and take the exam when it's convenient for you.

Professional development certifications such as our online six sigma certification are designed to prove your proficiency in a subject matter.

Certification is becoming an important factor in many industries. Certifications show employers that you have the independently verified knowledge to perform in a specific job role. It also shows that you've taken the initiative to learn new skills and are self-driven to improve your knowledge.

Certifications tell employers you're dedicated to improving your skill set, continually learning, and self-motivated.

MSI certification programs include free learning material to help you prepare for the certification exam, as well as the certification exam itself. The free learning material is completely self-paced, so you may take the online exam as soon as you feel you're ready. Enhance your resumé, Get MSI Certified.
